and Refining company's No. I well on
the Brooks estate gaged 1490 barrels
of oil into the pipe line yestorday.
The oil in flowing from the shale
and sinte on top of the black line.
So far no oil sand has been showntured. The flow is slowly increasing
as the well cleam itself out.
The strillers were usable to drilling with both night and day
shifts.
The strillers were usable to drilling with both night and day
shifts.
The strillers were usable to drill
deeper today on account of the strongincreasing to the sund.
The well is 1233 feet deep and has
should 90 feet yet to go through the
lime to the sand.
The well is making the best flow of
oil of any of the Ranger wells at
this depth.

BUYS BIG ACREAGE.

LAW AGAINST SEILING
STOCK ON THE STREET
Wichita Falls. Texas, has an ordiholding in Alexander and associates
mance against selling oil stocks on
that city's streets. An oil stock sain
man sold stock on the atreets to get
arranted and thus make it a test case.

If was fined \$25. He appealed the
case.

AND HE DID

BUYS BIG ACREAGE.

Tallen Okla, Sept. 5.—The Gladys
Belle Oil company has purchased the
lin Okunizrse county amounting to
him Commission of the rebest land in the Beggs
daily. The deal was made for the
consideration of \$1,000,000.

The Gladys Belle Oil company is one
of the mest successful operating conoccurs in the miscontinental field.

FIND OIL AT BONHAM.
Emphasm Texas, Sept. E.—The drille of the Telephone Oil and diss comna's well about 21 miles northess:
Bonham encountered a showing of at a depth of 646 feet. No settima-n has yet been set on the producn.

LEASES DOUBLE IN PRICE. Warminchie, Texas, Sept. 5.—The Shantropk Oil communt of Waxningh Laborate in the Shantropk Oil communt of Waxningh Country of the Shantropk Oilts lease near Amarillo.

Oelty a short time age this company purchased \$7,000 acres of leases near Amarillo for the exact price that it has now disposed of half of the lease.
